DOUBLE MURDER!

A Bloody Night at Marble Hall Near Rogersville

As we go to press a telegram to Mess. Alex and John Brown, the Carriage Builders in this town, brings the shocking intelligence that their brother Chas. Brown, and a young man named Heck, were murdered in their bed last night. There are no particulars given. Chas. Brown was a very popular man, aged 26 years, and had sent his wife and two children to Bristol, and he and the young man Heck remained at Marble Hall, their late residence four miles below Rogersville, to wind up their business preparatory to coming to Bristol. He was an extensive trader and was known to have money about him. While generally very popular he had a few bitter enemies, and his brothers are in doubt whether the object was money or the gratification of malicious feelings. The murder of young Heck would fit equally either view, as he was doubtless killed while in bed with Brown, to prevent detection. Mrs. Brown and her two children, to whom the awful intelligence was to-day imparted, left with Messrs. Alex and John Brown on the 12:30 P. M. train for the scene of the murder. Chas. Brown was a twin brother of Mr. Alex Brown, and of course a brother to Mr. John Brown, of this town. His wife was a Miss Fulge, of Hawkins. This intelligence will cast a gloom over our community, on whom these young gentlemen have made a most favorable impression. We sincerely hope the most summary justice may be meted out to the infernal outlaws, who have brought irreparable sorrow to two families, and taken the life of a most excellent and useful man. Young Heck was a hired boy who was aiding Mr. Brown to close up his affairs in Hawkins.

ON THE SIDE-WALK, Nov. 23, 1880.

I now appreciate the meaning of those three words: "in the cool." Ye who have hogs to slaughter, prepare to kill them now. One month more and you can kill your turkey. Virginians and Tennesseans have not yet adopted the national Thanksgiving day, or you could have one roasted for next Thursday. We have had a glorious autumn for business, and the farmers have been active in bringing their wheat and other produce to our Main Street, where they have gotten fine prices in cash. Wheat does well whenever it commands one dollar. Last week it was taken by millers and shippers from our ware-rooms at \$1.01. Rarely have I seen Main St. more completely blockaded by wagons in any week. I asked one of our principal merchants why wagons brought their wheat from Tazewell, and Russell, and Lee and Wise to Bristol—that I supposed other and nearer points on the R. R. would cash it at about the same. He said there were two reasons. Bristol always gives a little more in cash, because there are more bidders for it, and at no other point than Knoxbury and Lynchburg can farmers find so many of the revolutionaries. He has represented the United States at Bristol and at St. James. His history is, and doubtless will be, the greatest standard authority upon the important period which it covers. He is the only person living whose judgement would change the place in public estimation held by any of the great Statesmen of the R. R. He said there were two reasons.
